

Newsletter from WBFSH secretariat Vilhelmsborg, Denmark, May 21st 2015

Vilhelmsborg, Thursday, May 21st 2015

Dear Sir or Madam,

Please take care that this newsletter is forwarded to all relevant persons within your studbook.

Improvement of the WBFSH website

It is our aim to improve the WBFSH website, and we believe this can be done by involving the member studbooks to a greater extent.

Therefore, we ask all studbook managers to appoint a person in their organisation to establish contact with the WBFSH web editor, Thomas Bach Jensen (news@wbfsch.org), in order to provide news items and a small article on a regular basis.

WBFSH News

We would like to increase the frequency of news items, and remind you that we feature stallion licensings, elite mare shows, foal championships, riding championships for young horses as well as we feature title winners such as Stallion of the Year and Breeder of the Year in the respective studbooks. Auction results are not posted on the WBFSH website. Please e-mail your English news to our web editor on news@wbfsch.org.

WBFSH Articles

In addition to the regular news items we introduced a section of articles on the website two years ago. A number of breeder profiles, stallion portraits and technical articles are now available on the site, but we depend on the member studbooks' cooperation and contribution of articles written in English.

With emphasis on knowledge sharing we would like to encourage member studbooks to talk about their experiences with particularly beneficial programmes, structures or initiatives from a technical point of view, and invite member studbooks to submit articles or reports which can serve as an inspiration to other studbooks.

We also invite breeding managers to write a monthly column. Each month we will publish an article written by a breeding manager from one of our member studbooks on a topic of his/her own choice. We will ask the person in question to pass on the baton by pointing out the writer of the following month's column.

Studbooks – small as well as large – can learn from each other. Therefore, your contribution of a breeder profile or a stallion portrait may not only serve to promote your studbook, but not least be of educational value to others.
